

Dr. Jorge Leon selected member of the Technology Accreditation Commission (TAC) of ABET

Dr Jorge Leon has been selected to be a member of the Technology Accreditation Commission (TAC) of ABET. During his five year appointment as a TAC Commissioner, Dr. Leon will team chair TAC of ABET visits to our sister institutions around the country. There are about 40 TAC Commissioners total, and it is this group that meets every summer at the ABET Summer Meeting, to vote on accreditation for TAC of ABET programs around the country. It is a great honor to be selected to be a TAC Commissioner and reflects well on our department, the College of Engineering, and Texas A&M University.
